STONE EMPIRE
DIMENSIONAL STONE SPECIALIST

Crafted Beauty, Timeless Strength.

Europe's Leading Terrazzo Manufacturer

Agglotech is a globally recognised terrazzo brand based in Verona, Italy—one of Europe's most important centres for stone craftsmanship. For nearly half a century, Agglotech has upheld the excellence of Italian-made terrazzo, combining refined craftsmanship with contemporary design innovation.

Suitable for both interior and exterior applications, Agglotech terrazzo offers a wide range of colours, textures, and design possibilities. Customisation options allow the material to meet diverse architectural and design requirements. Over the years, Agglotech terrazzo has been specified in numerous international projects, including more than 600 Valentino flagship stores worldwide—marking a renewed global appreciation for terrazzo and redefining its role in contemporary architecture.

100% Natural Terrazzo Materials

Guided by a sustainable philosophy, terrazzo is produced using only natural raw materials: cement, marble aggregates, and water. The manufacturing process does not require heating, fossil fuels, or synthetic resins—resulting in a low-impact, environmentally responsible material.

Certifications & Standards

EN 13748 – European Terrazzo Standard

LEED – Recycled & Sustainable Building Material

Indoor Air Quality (IAQ) Certified

EPD – Environmental Product Declaration

CDPH – California Department of Public Health Standard

ISO 14001 – Environmental Management System

EN 197-1 – Cement Quality Standard

ISO 9001 – Quality Management System

More Than Materials

This collection represents a curated selection of architectural materials defined by quality, innovation, and thoughtful solutions. Beyond material supply, the focus is on delivering reliable service and design-driven value to meet evolving architectural needs.

Guided by the belief in inspiring change through global innovation, these materials are selected to support long-term performance, aesthetic versatility, and future-ready design solutions across diverse projects.

The range includes terrazzo, engineered stone, natural stone, ceramic tiles, custom stone furniture, and artistic architectural elements. Widely applied in architectural and interior design projects, this portfolio brings together craftsmanship, material excellence, and contemporary application—supporting designers and architects in creating refined, enduring spaces.

Terrazzo
SB 138

Terrazzo
SB 138

The image shows a close-up of a terrazzo floor with a light beige base and a dense distribution of small, multi-colored aggregate particles in shades of tan, brown, and grey. In the bottom-left corner, there is a black rectangular overlay with a white dotted pattern on its left side. Inside this overlay, the word "Terrazzo" is written in a small, white, sans-serif font, and below it, the product code "SB 159" is displayed in a larger, bold, white, sans-serif font.

Terrazzo
SB 159

SB 159

Terrazzo
SB 159

The background of the entire page is a dense, granular texture of terrazzo. It consists of numerous small, dark, irregularly shaped particles (likely stone or glass) embedded in a lighter, greenish-grey matrix. The overall appearance is that of a polished, speckled floor surface.

The background of the entire image is a terrazzo pattern, specifically the SB 100 model. It consists of a light-colored, off-white or cream matrix with a dense distribution of small, irregularly shaped aggregate particles. These particles vary in color, including shades of grey, black, and brown, and are scattered throughout the surface, creating a speckled, multi-colored effect.

A low-angle photograph of a modern building's exterior wall. The wall is composed of large, light-colored rectangular panels with visible horizontal and vertical joints. The panels have a smooth, slightly textured surface. The building is set against a clear, deep blue sky. A black rectangular overlay is positioned on the left side of the image, containing white text.

Terrazzo
SB 500

SB 500

The image shows a close-up, top-down view of a terrazzo floor. The surface is a light grey color, densely packed with small, irregularly shaped aggregate particles. These particles vary in color, including shades of white, light grey, and some darker grey or brownish tones. The overall appearance is a classic, speckled terrazzo finish.

The image shows a modern interior space with a prominent mosaic wall. The wall is composed of irregular, light-colored tiles set in a dark matrix. A large, curved window with a black frame provides a view of the ocean under a cloudy sky. In the foreground, a white, sculptural stool with a central cutout sits on a floor with a grid pattern. To the right, a long, low white bench or counter is visible, with a small dark vase on top. The room is well-lit, with light coming from the window and the left side.
